LOT
029A25F

Exp.:
29/01/2028

TECHNICAL SPECIFICATION

	ANALYTICAL METHOD	LIMIT VALUES (legal or internal)	CONFORMITY OR ANALYTICAL RESULT
Physical state	DC 1.01	Crystalline powder	Crystalline powder
Colour	DC 1.02	white	white
Smell	DC 1.03	light typical	light typical
Ammonium nitrogen	DC 2.04	min 24% (NH ₃)	compliant
Dispersibility	DC 1.04	good	compliant
Arsenic	ICP	Max 3 ppm	compliant
Lead	ICP	Max 5 ppm	compliant
Preservative substances	technical information	none	compliant
FAN (increment with 10 g/hl dosage)	Formol number	20 mg/l	compliant

(*) Methods available on request

REFERENCES AND DECLARATIONS

Sample withdrawal mode	Complies with IST 8.6 instruction of the Quality Management System Dal Cin Gildo Spa certified according to ISO9001: 2015
Declaration of conformity	The lot in question complies with the technical specifications of the product envisaged by the internal quality control. Its composition and characteristics are also strictly complying with the limits established by the current legislation and are suitable for the uses foreseen by the oenological practices permitted by EU Regulation 2019/934.
